

PROCEEDINGS OF THE LEGISLATURE

Senate Cleared Calendar in Short Order and Adjourned.

HOUSE NOT SO FORTUNATE

Lawley Municipality Bill Passed Both Houses, and Now Goes to Governor for Approval—Other Bills Passed. The Brown-Baskin Contest Case.

Tallahassee, April 15.—President Trammell, on the part of the Senate, has appointed the following visiting committeemen: To visit the South Florida Military Institute and the Normal School at St. Petersburg, Senator Humphries; to visit the convict camps, Senators Clark and Jackson; to visit the School for the Deaf and Blind, Senator Crill; to visit the State Normal School at Marianna, Senator Neil.

Senator Gillen introduced a concurrent resolution providing for the appointment of a joint committee, one on the part of the House, to visit the Confederate Soldiers' Home at Jacksonville and report upon its condition and needs.

New Bills.

The following new bills were introduced:

By Senator Stockton—Requiring county commissioners to publish an annual budget and make contracts.

By Senator Sams—Creating the office of a fish and game warden.

By Senator Blount—To fix fees of clerks of circuit court for recording certain papers; also a bill to provide for the acquisition of papers by certain persons, firms or corporations; also a bill to authorize the city of Pensacola to issue bonds for municipal purposes.

By Senator Neil—To provide scholarships to the State Normal School and make appropriations; also a bill to authorize State normal schools to issue teachers' certificates.

President Trammell appointed Senators Raney and Lee, on the part of the Senate, on the committee relating to receiving and arranging for the acceptance of the Florida battle flag.

The Senate bill amending the charter of the municipality of the city of Key West was passed and certified to the House.

Owing to an error in title and a difference of opinion as to the number of members on the committee to visit the Florida Coast Line Canal and Transportation Company, Senator Sams this morning gave notice that at the next session of the Senate he would move the reconsideration of the vote by which the House joint resolution on this subject was passed during yesterday's session.

The Senate, having cleared its calendar, adjourned until 4 o'clock Monday afternoon.

Brown-Baskin Contest.

No one need look for a speedy termination of the Brown-Baskin contest for the seat of the Twentieth District in the Senate. The Senate committee on privileges and elections, to whom the matter has been referred, has held two sessions. At the first, which was held behind closed doors, Mr. Zewadski, for Mr. Baskin, presented his side of the case. Mr. Brown looked after his own interests. At the second sitting of the committee it was decided to ask the consent of the Senate to allow the committee to send for persons and papers in the case. The request was granted. It looks now as though the contest may be long drawn out. Mr. Brown holds the seat.

In the House.

In the House a memorial to the House, addressed to the Speaker, relative to fees of assessor and collector in special school district taxes, from the county superintendent of DeSoto county, was read and referred.

No resolutions were offered.

New Bills Introduced.

The following new bills were introduced and referred:

By Mr. Matthews of Bradford—For the relief of Bradford county.

By Mr. Knight of Citrus—To amend

GROWING UP

There's something the matter with the child that fails to grow up. A child that grows up too much, however, without proper filling out of flesh, is almost as badly off. Nothing will help these pale, thin "weedy" children like Scott's Emulsion. It supplies the rounding out of flesh and the rich inward nourishment of blood and vital organs which insures rapid growth a healthy and uniform development.

law relating to exemption of wages from garnishment, and the manner of securing such exemption.

By Mr. Wilson of Lee—To define lawful fence in certain townships of Lee county.

By Mr. Wartman of Marion—To declare incorporation of Reddick, Marion county, legal.

By Mr. Dorman of Suwannee—To amend laws relative to powers of Live Oak city council to levy and collect license taxes. The rules were waived and this bill was read the second and third times and passed, 57 to 1.

By Mr. Blanton of Taylor—To provide for reimbursement of property owners for loss of stolen property.

By Mr. Sparkman of Volusia—To create office of fish and game warden and prescribe duties.

By Mr. Buckman of Duval, by request—For employment of assistant State health officer and other assistants for board.

The committee on claims reported favorably on the bill for the relief of J. Y. Detwiler, fish commissioner, and unfavorably on the bill to relieve Lee Daniell.

The constitutional amendments committee reported the bill fixing salaries of supreme court judges, recommending that it be amended so as to make the salaries of supreme court justices \$4,000 and that of circuit judges \$3,500.

The bill for the issuance of State normal certificates and the bill for compulsory education were adversely reported by the committee on education.

Mr. Melton's bill for a Governor's residence was adversely reported by the same committee.

The bill of Mr. Wells of Hillsboro to provide for the disposition by the several counties of the funds arising from and apportioned to the said several counties from the hire of State convicts was read the third time and passed without debate.

Mr. Wells' bill to prescribe the compensation to be paid jurors and witnesses serving in the several circuit courts and criminal courts of record in the State, which had been reported unfavorably by the committee on miscellaneous legislation, and extensively debated and amended on Thursday, was passed, 41 to 19.

Bills on Second Reading.

The following bills were read the second time and ordered engrossed:

Mr. Wartman's bill, relating to binding witnesses over by justices of the peace and county judges when sitting as committing magistrates to appear before the grand jury.

General Jewell's bill to require proposed constitutional amendments to be displayed at voting precincts on election day.

General Jewell's bill relating to licenses to carry firearms. This bill seeks to make it legal for minors under stated conditions and restrictions to secure a permit to carry a pistol or a Winchester rifle.

Mr. Buckman's bill relating to compensation of clerks of circuit courts as clerk and recorder. Mr. Jewell's bill relating to carrying firearms, and Mr. Wells' bill relating to entry upon rule day, were indefinitely postponed.

State Aid to Schools.

The Senate bill introduced by Senator West to provide State aid to certain public schools, to prescribe conditions and make appropriations therefor, to accomplish the advancement

of this measure Mr. Harvell of Santa Rosa withdrew his bill of like purport. Under waiver of the rules the bill was read the third time and passed 58 to 0.

Captain Johnson's bill, appropriating \$3,000 for Teachers' Summer Training School, was amended to read \$2,500 and then ordered engrossed for its third reading.

SCROFULA A Disease We Inherit

The tainted blood of ancestors lays upon the shoulders of innocent offspring untold suffering by transmitting to them, through the blood, that blighting disease. Scrofula; for in nearly every instance the disease can be traced to some family blood trouble, or blood-kin marriage which is contrary to the laws of nature. Swelling, ulcerating glands of the neck, catarrh, weak eyes, sores, abscesses, skin eruptions, white swelling, hip disease and other deformities, with a wasting of the natural strength and vitality, are some of the ways this miserable disease manifests itself. The poison transmitted through the blood pollutes and weakens that health-sustaining fluid and in place of its nutritive qualities fills the circulation with scrofulous matter and tubercular deposits, often resulting in consumption. A disease which has been in the family blood for generations, perhaps, or at least since the birth of the sufferer, requires constitutional treatment. S. S. S. is the remedy best fitted for this. It cleanses the blood of all scrofulous and tuberculous poisons, makes it rich and pure and under the tonic effects of this great blood medicine the general health improves, the symptoms all pass away, there is a sure return to health, the disease is cured permanently while posterity is protected. Book on the blood and any advice wished, furnished by our physicians, without charge.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body. The disease next attacked the eyes and we feared she would lose her sight. It was then that we decided to try S. S. S. That medicine at once made a speedy and complete cure. She is now a young lady, and has never had a sign of the disease to return.
